

Job description

Role title	Endoscopy Operational Staff (Repair/Quality etc)
Reporting to	Endoscopy Workshop Leadership Team
Role duration	Permanent

Purpose of the role

Ergéa's Endoscopy division is expanding due to market growth and is actively looking for experienced individuals who are interested in advancing their careers and becoming part of our team.

Ergéa's official website careers page will display any current vacancies; however we are currently welcoming open applications from individuals with current experience in the following areas:

- Inspection/Quality control
- Sub-Assembly/refurbishment skills
- Repair of endoscopes (minor/intermediate/major)
- Training, supervision, and development

If you have experience in any of the areas listed above within the endoscopy maintenance/repair industry this could be a great opportunity for you to join Ergéa.

If you would like to express your interest in joining Ergéa's Endoscopy division, please send an updated CV along with a covering letter highlighting your current experience to uk.careers@ergeagroup.com.

If you have been referred by an existing employee, please include this in your initial application

Applications from individuals will be considered at all levels – Ergéa are committed to providing training and progression opportunities to individuals.

Accountabilities and Responsibilities

- Skills appropriate to the discipline you have registered an interest for – Skills test will be completed for certain roles
- Ability to Read, understand and adhere to standard operating procedures, repair manuals, method sheets and other documented processes or regulations
- Inspection & quality checks dependant on discipline by means of visual assessment and the use of associated test equipment related to the role applied for
- The correct application and use of precision hand tools, repair apparatus, test equipment, adhesives and chemicals (if required for role)
- Administrative duties relating to the role
- Use of PCs and associated equipment/software to record repair details (all roles)
